

On behalf of the OLG United Way Campaign Committee and United Way I invite you to come out and see first hand... employees brave the unusual all for a great cause!

Cockroach Cranium & Cockroach Races
Friday Nov 10th at 10 am
70 Foster Drive – conference room 1st floor lobby

This event supports the OLG United Way campaign and Entomica....

Check out Entomica's resident Tarantula and watch brave souls try Cockroach Cranium!

For more information contact Joe Bruni at OLG jbruni@olg.ca or Maureen Dodd, United Way meddodd@uwssmalgoma.ca

United Way OLG Campaign 2017

Give. Volunteer. Act.

Choose your Race-Roach!

Brazilian Cockroach: Two-time Winner of the International Insect Beauty Pageant (IIBP); this cockroach's good looks are only rivalled by its agility!

Peppered Cockroach: It smells like pepper, it taste like pepper, but it's a cockroach! This species packs a fiery punch like a handful of spicy peppers!

Cockroach Nymph: While these cockroaches are younglings, don't let their inexperience fool you! They are full of energy and ready to race.

Madagascar Hissing Cockroach: This well armored cockroach is full of tricks. It will hiss to intimidate predators and competitors alike. Its ruggedness has enabled it to thrive in the Madagascan jungle.

While a good race-roach goes a long way, it's the roach jockey who determines who wins it all!!!
